Information banners

|	
⚠ **This is an error message** There is nothing you can do about it, but it may affect your experience [close]	## Error banner Used for errors not related to a user's action eg. « The database connection has been lost »
ℹ **This an information message** There is something we want you to know [close]	## Information banner Used to display information eg. « A brand new feature is available »
✓ **This is a validation message** Everything is fine, you're good [close]	## Validation banner Used to display confirmation messages eg. « Your modification has been saved »
💣 **This is an attention message** What you are about to do will have consequences, are you sure ? [valider] [close]	## Attention banner Used to draw the attention of the user and ask confirmation eg. « You are about to erase all your rates, are you sure ? »

Icon

Could be customized
but should give a clue about
what the message is about

Message

Clear message, easily
understandable

Buttons

One « Close » or « Cancel »
button must always be present.
An additionnal button for action
could also be displayed
